

Assessment Rolls Hit All Time High

Property values in Contra Costa County reached a record high this year, C. L. Dunklee, county assessor reported to the Contra Costa Board of Supervisors Monday. The total assessed valuation is \$591,290,225.

Richmond led all cities in Contra Costa when assessment rolls were presented to the supervisors in Martinez. Richmond assessments went up to \$132,275,522.

Concord and Walnut Creek assessments went to \$26,975,210 and \$15,987,775.

Following are the assessments of the cities and school districts in the central county area.

CITIES	Gross Value	Exemptions	Net Gain
Concord	\$26,975,210	\$4,123,100	\$3,041,820
Martinez	15,405,990	685,620	723,930
Walnut Creek	15,792,775	1,269,200	2,994,175
SCHOOL DISTRICTS			
Alamo	6,121,790	261,325	539,085
Canyon	194,940	5,450	600
Danville	10,790,600	708,865	1,164,130
Lafayette	26,473,090	1,787,490	2,353,805
Martinez	10,765,970	429,865	* 111,095
Moraga	3,345,950	1,241,360	419,255
Mt. Diablo	81,301,450	6,522,090	6,223,390
Orinda	20,929,690	1,258,185	1,830,245
San Ramon	1,743,700	8,850	267,490
Walnut Creek	16,659,230	1,697,580	* 3,975

Dunklee Praises Crew; Warns of Tax Increase

C. L. Dunklee, county assessor, termed the submission of the 1957-58 assessment roll to the board of supervisors on its due date "quite some accomplishment."

In submitting the all time high assessment roll, Dunklee stated that there were circumstances involving many extenuating, expanding and unusual procedures.

"WITHOUT COMPLETE sacrifice and extra effort on the part of probably the most loyal and capable crew, we could not have met our deadline," Dunklee informed the supervisors.

"All in all, it has been the most hectic year in the history of the office, at the same time, the most productive."

"We are now embarked on a modern systematic and scientific method of assessment procedure, and we feel so far at least that the end toward total equalization has justified the effort."

"Again, let me reiterate that facing rising rates, an approach to equitable assessments is mandatory," said Dunklee.

"FOR THE INFORMATION of the general public, I would state the fact that our appraisal crews now in the field are there for one purpose only. That purpose is to approach equalization of the tax base where each pays his just share according to the properties under his control."

"No effort is being made to raise the assessed valuation of the county, but rather to arrive at a ratio of assessed value as against market value," he continued.

"Building indices show a continuous rise in building costs and land values. These indices are just as much an indicator of the fair conservative market value as is the judgment of the Assessor."

"Our problems in the over-all assessment procedure in this county are well on the way to being licked. Our hope is that public opinion will bear with us until total equalization."

"TAX BILLS may go up some more if more services are demanded by the people, but so long as the assessment of property holds to a fair and even keel, the costs will be distributed evenly and equitably," Dunklee claimed.

"Contra Costa County has a potential—residentially, industrially, agriculturally, commercially, and in my opinion greater than any county on the West Coast."

"We must cast a critical eye on our tax expenditures in all phases of government if we continue to enjoy this expansion both as to encouraging investment and population."

"LET'S MAN our own local government, but let's man it in a manner that we do not surrender our local rights to any central control of that government," Dunklee warned.

"We have come a long way under this system—let's keep it that way," he said.

Orinda Association Says 'Congratulations' to Sun

Congratulations to The Sun for its recent winning of first place award for newspaper promotion and community relations, in competition with weeklies and dailies throughout the United States, have been expressed by the Orinda Association.

In a telegram to Herman Silverman, editor and publisher of The Sun, President W. E. Estes stated, on behalf of the organization's board:

"Congratulations to you and staff for award for newspaper promotion and community relations. We appreciate high standard of service to our community and are happy to see it recognized."

The award was presented to The Sun at the 72nd annual convention of the National Editorial Association at the Sheraton-Palace Hotel in San Francisco.

Transit Unit, Key Still Talking, But No Progress Yet

"No progress" was reported by the directors of the Contra Costa-Alameda Transit District in negotiations to purchase or lease the Key System.

In a Monday night meeting of the transit district board, Robert K. Barber, vice president, reported that negotiations were at a standstill and that he had been unable to work out a system with Key for the district to either purchase or lease its facilities.

Gift of Books Given Orinda By Troop 207

Orinda residents received a gift of books this week from Boy Scout Troop 207.

The books were presented to the Orinda Branch of the County Library by Donald M. Anderson, scoutmaster, and John Rine, patrol leader.

Miss Frances Lee, supervising children's librarian, represented the county.

"THE BOOKS, which deal with wilderness and wildlife areas, include such titles as 'The Sierra Club Handbook,' 'Starr's Guide to the John Muir Trail,' 'The Outdoor Encyclopedia' and 'This is Dinosaur.'"

In addition, the gift includes a complete set of the Audubon Nature Bulletins, and an extensive collection of maps and pamphlets about the national parks, the national forests and the state beaches and parks.

"TROOP 207 hopes that its gift will be enjoyed not just by scouts, but by the whole community," said Anderson.

Mrs. Sara Malinowsky, Orinda librarian, noted that the books will provide a supplement to the Orinda collection and not merely a substitute for items that will be added in the regular buying program.

Funds for the scouts' gift came from the troop's paper drives.

Troop 207 has become especially interested in wilderness and wildlife activities through its ski trips and high Sierra pack trips.

ON THEIR FIRST pack trip, organized last summer, the boys spent five days in Desolation Valley, under the direction of Frank C. Newman, troop committeeman.

This summer's trip, from Tuolumne Meadows into Yosemite Park, is under the direction of Thomas O. Mann, who preceded Anderson as scoutmaster.

AMONG THE BOYS who joined in this week's presentation at the library, Dick Anderson will represent the troop at Camp Wolfboro, John Rine will attend the National Jamboree at Valley Forge, and Steve De Maria, formerly senior patrol leader and junior assistant scoutmaster, will leave next month for the Boy Scout Jubilee Jamboree in Yorkshire, England.

Pat Gilmore has been senior patrol leader during the past year.

Arrangements for the presentation to the library were made by Frank Newman, who also procured the books, maps and pamphlets for the troop.

'No Smoking' Rule Being Prepared For Orinda Schools

Joseph Sheaff, superintendent of the Orinda Union School District was instructed by the Board of Trustees to prepare a "no smoking" resolution to be enforced in auditoriums of Orinda Schools.

Sheaff commented that the action was taken at the request of William Koch, fire marshal. He also stated that smoking in the schools has presented a maintenance problem inasmuch as persons were dropping cigarettes on the floors and marking them.

IN OTHER ACTION the board called for bids for paying of the playground area at the Sleepy Hollow school and for furniture at the Pine Grove addition.

The district entered an agreement with the Federal Housing and Home agency for \$38,120 for plans and specifications for the Inland Valley School. Should construction never begin on the school the non-interest bearing loan does not have to be paid back to the government.

Mrs. Florence Rossi was appointed special art teacher for the school district. This is the first time that the district has ever had an art instructor.

SHEAFF NOTED that the State Department of School House Planning has approved preliminary plans for the Glorietta School. The district will now submit application for justification and send it to the State Allocations Board.

Mrs. Catherine Schwarck was reelected president of the board and Karl E. Schevill, was reelected clerk.

Bus Stops on Diablo Freeway Recommended

Recommendations for 10 bus stops to include nearby commuter parking areas to be constructed along the Diablo Freeway were filed by engineers by the California Public Utilities Commission to provide better service by Greyhound.

Provided by the plan would be three stops to serve west bound commuters in the Lafayette area; four more would be built in Pleasant Hill and Orinda and three stops would be set up in Walnut Creek.

THE WALNUT CREEK stops are planned for when construction is completed on the Walnut Creek Bypass.

The cost of the project is estimated at over \$100,000, but the state might underwrite a portion of it, according to the engineers' report.

The stops to be built "as soon as practical" would be for east bound passengers at Orinda and for west bound passengers at Charles Hill Road, Orinda and Oak Park Boulevard, Pleasant Hill.

THE LAFAYETTE stops would be located one mile intervals along the Lafayette Bypass, at Upper Happy Valley Road, Brown Avenue, and Pleasant Hill Road, according to the engineers' report.

The engineers recommended that the stops be built to include sidewalks and access stairs or ramps, and side acceleration lanes for buses to gain speed before entering auto traffic lanes.

CC-Alameda Transit Unit Gets \$25,000 from Bank

The directors of the Alameda-Contra Costa Transit District voted Monday night to accept a \$25,000 loan from the Oakland Bank of Commerce.

The money will be used to finance the district's expenditures until tax monies become available to the district some time late this year.

Directors have noted that as soon as the money is turned over to them they will seek out an executive director, attorney, personnel to man an office and rent space for a headquarters.

The \$25,000 loan, which was approved by resolution, will be at five per cent interest and must be repaid from the first tax levy made by the district.

Barber noted that other banks which were contacted were not willing to loan the district any money since it was tied up by a

'DA Lacks Evidence': Cunningham's Attorney

"I don't think that the district attorney has enough evidence to bring Ralph Cunningham, county recorder, to trial, James Hoey, Cunningham's attorney said Wednesday.

Cunningham pleaded "I deny the truth of the accusations," before Superior Court Judge Homer Patterson. Patterson set jury trial for the recorder to be September 17.

A bill of accusation, which was called by the Contra Costa Grand Jury against Cunningham for "malfeasance in office," differs from a criminal indictment inasmuch as the maximum punishment permissible would be removal from office rather than fine or imprisonment or both.

Hoey, a member of the district attorney's office in the 1920s stated that in cases such as this accusation the court was the deciding factor. Now the matter must be settled by jury trial.

"Even though there is a statute that covers the matter of 'kick backs', I can't see where the law can control what a man does with his money after it has been paid to him if he spends it in some legal fashion," Hoey commented.

No action was requested by the grand jury against Jack B. Haule, intermediate clerk who resigned from the county recorder's office April 1 for health reasons, and James Todesco, senior clerk who had admitted kicking \$12 a month to Haule.

Haule had been charged of pocketing county funds which were received for payment of duplicate birth certificates.

Cunningham stated that the funds had been returned and the grand jury agreed they were petty sums and restitution had been made.

Phil Bancroft, grand jury foreman, noted there was insufficient evidence against Haule and Todesco to bring indictments against them.

Charges against Cunningham state that "Cunningham in appointing Todesco senior clerk in April, 1955, exacted from Todesco as a condition of his appointment an agreement that Todesco would pay \$12 a month to Haule."

IN A SECOND accusation pre-

sented by the grand jury, Cunningham is charged with "absenting himself from his office for long periods of time, failure to appear at his office on many days without leave or proper reason for so doing, and has neglected and failed to devote his personal care and attention administering the work of his office."

The bill of accusation brought to a close hearings by the grand jury which have been underway since April 18 when shortages were first brought to light in the Recorder's office.

Bancroft indicated that the decision of the grand jury was made with "considerable reluctance against a man who has worked for the county for 30 years."

"Most of that time he has done a good job," stated Bancroft. Cunningham was first appointed as a deputy recorder in 1927 and elected recorder in 1934. He was reelected in 1954.

The Grand Jury has heard testimony of Howard McNamer, the county auditor; Hoyt Hay, the assistant county recorder; Mrs. Cunningham, who is a clerk in the office and from Glenn Whalen, the grand jury auditor.

PH Boy, 9, Hit by Car

A nine year old Pleasant Hill lad received minor injuries Monday morning when his bike rammed into a car on Viking Drive east of Ruth Drive, according to the California Highway Patrol.

John Kies, 29 Viking, was taken to Kaiser Hospital in Walnut Creek for treatment, said the CHP.

PATROLMEN SAID the boy was following a milk truck and as it stopped, pulled around it to pass, directly in the path of the oncoming car of Herman S. Schneider, 765 Duke Circle, Pleasant Hill. No citation was issued by the CHP.

Two cars collided at the intersection of Upper Happy Valley Road and Mt. Diablo Boulevard, Lafayette, Sunday afternoon.

Injured was Kenneth Carlston, 4037 Happy Valley Road who was a passenger in a car driven by Herman Ward of Richmond.

POLICE SAID the Ward auto was eastbound on Mt. Diablo Boulevard when it hit a car driven by Leon Fussell, 1555 Geary Road, Walnut Creek.

The CHP noted that a failure to yield right of way citation will be issued against Fussell.

Joseph Madeiros of Hayward and R. M. Dooley of Irvington were injured Monday in an accident on Farm Bureau Road, Concord.

The northbound Madeiros car reportedly crashed with a westbound car on Concord Avenue. The injured were taken to Concord Community Hospital.

Moore Visits SF

Jerry D. Moore, fireman apprentice, USN, son of Mr. and Mrs. Lawrence H. Moore of 440 Moraga Highway, Orinda, aboard the ammunition ship USS Fire-drake, visited San Francisco, June 13-17, following a major Pacific Fleet training exercise with the U. S. First Fleet off the California Coast.

Rec Activities Complete Third Week in Orinda

Recreation classes continue at three schools as the Orinda Union School District completed the third week of its summer program.

Playground activities and arts and crafts are conducted every weekday from 9:30 a.m. to 2:30 p.m. at Sleepy Hollow, Del Rey and Glorietta Schools.

The Teenage Club will meet Tuesday at 7:30 p.m. at the Pine Grove School.

The summer carnival will again close the district program. July 25 is slated as the carnival date.

Additional information—or a complete schedule—of summer activities can still be obtained from Director Ted Boyce, CL 4-2021.

Diablo Man Heads New Grand Jury

William M. Hale Jr., Box 364, Diablo, is the foreman of the 1957-58 Contra Costa Grand Jury. Hale was elected to the position by Judge Homer W. Patterson, presiding.

Sworn in to serve on the grand jury for a one year term by Willard Ballenger, court clerk, were nine residents of the central county area, one from Pittsburg, one from Rodeo and the balance from the Richmond area.

The members of the grand jury are listed below by community.

MARTINEZ—Mrs. Nancy Chapot, Sidney S. Lippow and George Kelly.

CONCORD—Richard G. Nourse, Phillip B. Williamson and Crane Walden.

PLEASANT HILL—J. C. McKean.

WALNUT CREEK—Peter Howard.

PITTSBURG—Pasquale Marcelli.

RODEO—Linus Cleaves.

RICHMOND—Robert Bartlett, Bert A. Johnson, R. L. LeTourneau and Mrs. Sigrid Salmon.

OTHER CITIES—W. A. Anderson, San Pablo; Millard E. Bosdick, El Cerrito; William Daum, Kensington; George Johnston, El Cerrito.

Stanley Knight Is Lions Prexy

New president of the Lafayette Lions Club is Stanley R. Knight. He and the other 1957-58 officers and directors were installed June 25 at El Nido.

Deputy District Gov. Sheldon Rankin was installing officer. Knight succeeds Berton E. Trullson.

Installed with Knight were Daniel Dys Jr., first vice-president; John Maddux, second vice-president; Ted Stein, third vice-president; Lou Repetto, secretary-treasurer; Lowell Arbogast, treasurer; Ray Rustow, lion-tamer; Bob Goddard and Cliff Jones, second-year directors, and Samba Girdler and Al Medau, first-year directors.

Highway Projects Feature Orinda Chamber Meeting

Major future and near-future county and state highway projects in the Orinda area figured prominently in discussion at the Orinda Chamber of Commerce luncheon meeting at Casa Orinda Tuesday noon.

With new President Maynard Buehler, recently returned from Europe, presiding for the first time at an Orinda chamber session, reports were heard on the Orinda Village Bypass and on the inter-change planned for the Upper Happy Valley Road-Charles Hill area.

It was announced that the county has called for bids for the Orinda Village Bypass, and that bids will be opened July 23 by the Board of Supervisors.

NED de LAVEAGA reported last week's meeting of the Diablo Highway Improvement Federation. He said that the federation hopes that funds for the Charles Hill area inter-change of the Diablo Freeway may be included in the next budget of the California Highway Commission.

De Laveaga added that Chairman Hartman of the federation will visit the state highway engineers in San Francisco soon, to discuss the matter with them.

During discussion, mention was made of the "hazardous" entrance road coming off the freeway at Orinda Inter-change.

Secretary-Treasurer Clarence Betz reported that the county has said it can re-route the curving of the creek behind Orinda Village, thus opening up a half-acre of parking space behind some of Leon Woolsey's stores.

The additional cost to the county would be borne by Woolsey, Betz stated. The secretary-treasurer added that Woolsey, in turn, would use the space for short-term parking.

Buehler described the Orinda chamber as different from most chambers of commerce.

"We're not trying to bring in new people and businesses," he said. "The Orinda chamber has performed and is performing many community services."

BETZ REVIEWED the history of the Orinda chamber pointing out that it started in 1945 as a Better Business Association and that it became a Chamber of Commerce in 1950.

He presented a lengthy list of the Orinda chamber's activities and accomplishments of the past two and a half years.

President Buehler asked the large meeting what the members wanted the chamber to do.

Ned de Laveaga emphasized the need to work together.

IRVING LEIBER asked the chamber to "do some dreaming"—"to think about Orinda 25 years from now, to plan for the future."

Ernest Poll urged the chamber "not to be too timid." As an example of what he considered a proper attitude, he said: "We do not need another gas station. We should have said so."

He urged continuing and increasing cooperation with the Orinda Association.

Mrs. Ritchie Ward, secretary of the Orinda Association, stressed the need for close scrutiny of developments on planning.

SHE ASKED the cooperation of the chamber with the planning committee of the Orinda Association.

Mrs. Benjamin Mallory asked about the possibility of improving the parking area back of the Orinda Theater, primarily the Pacific Gas and Electric Company lot which is leased to the chamber.

Larry Pinard suggested that postcards be sent to all chamber members, requesting suggestions.

2 New Owners At Beau Shop

New owners of the Orinda Beauty Shoppe, 61 Moraga Highway, Orinda, are Miss Barbara Caldwell and Mrs. Luster (Mildred) Golightly. They assumed ownership June 1.

Both are experienced in beauty shop work. Miss Caldwell formerly worked in a Concord beauty shop. Mrs. Golightly formerly owned a beauty shop in Berkeley. Hair styling and permanent waving are featured services at their new shop.

Miss Caldwell lives at 13 Contra Costa Golf Club, Concord. Mrs. Golightly, her husband and their two sons live at 1960 Hillside Avenue, Walnut Creek.

To Be Filed By July 15, Spiegl Says

"Over the top" went the Orinda incorporation election petition drive last weekend, Ernest L. Spiegl, general chairman of the Orinda Association, announced Wednesday.

"There's no question but that our drive of last weekend put us over the top," Spiegl said.

"The hundreds of additional signatures obtained last weekend and during the week preceding that brought the total number of signatures of property owners to between 3300 and 3500."

"WE'RE SURE that we now have enough signatures to meet the requirement that such petitions must bear the signatures of at least 25 per cent of the property owners in the area proposed for incorporation, representing at least 25 per cent of the assessed valuation of the land, unimproved."

Until recently it was believed that it was necessary to file the petitions with the county by the end of June so that all signatures turned in could be considered as of the 1956-57 assessment roll.

"HOWEVER, we have checked the law carefully and find that we have a leeway of several weeks," Spiegl explained.

"So we're holding up the filing while we're completing our tabulation."

"We expect to file the petitions with the county before July 15."

TABULATING of the signatures is being done by Spiegl's committee.

The door-to-door "cleanup drive" was under the direction of Herb Waterman, petitions subcommittee chairman.

chairman.

Mrs. Robert Bowles was in charge of the drive south of Mt. Diablo Boulevard. Mrs. Millard Simon was in charge of it north of Mt. Diablo Boulevard.

Working with them were a half-dozen volunteers.

THE PRESENT Orinda Association board has taken no stand for or against incorporation, but has encouraged the petition drive.

The petitions ask the County Board of Supervisors to schedule an election in Orinda on incorporation.

At such an election a majority vote would be decisive.

In order for a city of Orinda to be on the 1958-59 fiscal year tax rolls, it would have to be established by next February 1.

Dorothea Turner Last Rites Held

Funeral services were held Monday afternoon at the Chapel in the Valley, Lafayette, for Mrs. Dorothea Turner, 53, who died last Friday at her home, 397 Camino Solano, Orinda.

Mrs. Turner had been ill for some time. She was a secretary with the Orinda Union School District until she retired because of poor health.

The last rites were conducted by the Rev. Chauncey Blossom of the Orinda Community Church. Inurnment followed at Sunset View Mausoleum, Berkeley.

Survivors are Mrs. Turner's husband, M. Walthall Turner, and a daughter, Mrs. Donald McCune of Melrose. The Turners lived in the area for many years, formerly residing in the Sleepy Hollow section of Orinda. Mrs. Turner was a native of New York.

That's Right, It Was Only 67

Corks popped and bands played throughout Orinda this week as the villagers flocked to the hills to celebrate that well-known midsummer rite—the conclusion of the weather year.

The old year didn't take the celebration lightly. The well-wishers were blessed with a surprisingly cool and pleasant June 20—Last-day-of-Weather.

Year—when the thermometer climbed only to 67 and receded at night to 54.

At the start of the week, though, the new year was getting his usual heat on. The temperature climbed to a high of 82 on Tuesday.

Rainfall figures for 56-57 were	
27.81 inches; the new year, of course, still checks in at 00.00.	
June 27	90 58
June 28	75 56
June 29	68 54
June 30	67 53
July 1	69 53
July 2	82 49

Thousands Join in Fun at Lafayette Freeway Fiesta

Thousands of people celebrated the opening of the Lafayette Freeway by participating in the three-day Lafayette Freeway Fiesta last weekend.

The Fiesta grounds at the south side of Mt. Diablo Boulevard, Lafayette, just east of Mountain View Drive, was a veritable carnival area.

Tents, rides, booths powerful searchlights—all helped the crowds of merry-makers turn the scene into one of genuine community celebration.

"A TREMENDOUS success" is the way the Fiesta was described by leaders of the Lafayette Chamber of Commerce, which led in arrangements for the event, as it had in preparations for the Lafayette Freeway opening ceremonies on June 27.

These leaders included: Earl Pierce, chamber president; John Black, vice-president, who was chairman of arrangements for the opening ceremonies; Jack Hagaman, chairman of arrangements for the Lafayette Freeway Fiesta of last Friday, Saturday and Sunday; and Ted Stein, publicity chairman for both the opening program and the Fiesta.

Stein estimated that some 600 persons visited the Fiesta grounds during the three days of the carnival. He stated yesterday that the figures on Fiesta income had not yet been completely tabulated.

THE CHAMBER'S share of the proceeds (20 per cent of the gross) is to be used for necessary preliminaries in the chamber's beautification program for Mt. Diablo Boulevard.

First step in this program is preparation for installing of curbs and gutters.

Reigning over the Fiesta was the Fiesta Queen, 18-year-old Dolores Roeschen, daughter of Mr. and Mrs. Charles Roeschen of 3704 Roosevelt Drive, Lafayette.

She was attended by her "ladies-in-waiting," Pat Whitehead and Betty Clark.

TWO COLORFUL parades were among the highlights of the Fiesta period. Each assembled at the Lafayette School on Moraga Road and proceeded north on Moraga Road and west on Mt. Diablo Boulevard to the Fiesta grounds.

The first was a youth baseball parade, in which some 400 junior baseball lads, in uniform, marched last Friday evening.

The second was a horsemen's parade on Sunday afternoon.

In the van of each parade were the Fiesta Queen and her attendants, and the famed Concord Martinettes' Drum and Bugle Corps and Drill Team.

In addition, the horsemen's parade was led by the Color Guard of the Moraga Junior Horsemen's Association.

ONLY UNFORWARD incident reported during the entire Fiesta was the crashing of the metal equipment from a weather balloon through the tent-roof at the Lafayette Community Center's Hoopla booth at the Fiesta grounds.

According to Stein, this incident occurred about 5 p.m., shortly before the booths and games were officially opened.

Fortunately the metal apparatus did not hit anyone, although it came within about five feet of a person. Apparently the metal had somehow become separated from a weather balloon in the air.

The sheriff's office was called, and the piece of metal was picked up.

THE FIESTA QUEEN and her attendants had also been among the honored persons at Lafayette Freeway opening ceremonies on Thursday of last week.

State and county officials were

among the 250 persons who attended the opening-day program, which included cutting of ribbons at both ends of the 2.6-mile, \$3,300,000 bypass by a helicopter belonging to Gordon H. Ball of Danville, contractor on the project for the State Division of Highways.

About 100 autos participated in the initial round trip on the freeway bypass—from the western end to the eastern end and back again.

Following this, cocktails were served at El Nido with the complimentary of cocktail Bill, and then there was a smorgasbord luncheon at El Nido.

Jack Pedder was master of ceremonies at the luncheon.

FIESTA BOOTHS last Friday, Saturday and Sunday were staffed by various organizations, including:

Pleasant Hill Junior Chamber of Commerce; Lafayette State Scouts; Ship 203; Lafayette Women's Club; Orinda Junior Chamber of Commerce; Lafayette Junior Chamber of Commerce; Lafayette Lions Club; Lafayette Ladies.

Lafayette Community Center; Lafayette Business and Professional Women's Club; Lafayette Rotary Club; Walnut Creek Junior Chamber of Commerce; Heather Branch, Children's Hospital of the East Bay; Walnut Creek 20-30 Club; Concord Junior Chamber of Commerce; Lafayette American Legion Post 517.

THE FIRST Baptist Church of Orinda will begin its second month by congregating in the Willows Banquet Room at 11 a.m. Sunday.

Victor Hubbard will sing special vocal selections, accompanied by Mrs. Betty Parker. Hubbard has been performing with the San Francisco Symphony and has given up a lucrative career in the music world nationally to serve in church work with his tenor voice.

Prior to the service Mrs. Parker will play the Deagan Vi-braphone.

Pastor Bruce H. Parker extends a welcome to all to attend. His sermon topic will be "Christ's Return, Fact or Fantasy?"

At the conclusion of the worship period communion will be served in church work with his tenor voice.

The Willows Banquet Room is located at the Orinda Crossroads.

Miss Coate Graduate Of George Washington

Barbara Jean Coate, daughter of Dr. and Mrs. J. P. Coate, of 92 Van Riper Lane, Orinda, was among those receiving degrees at the 156th annual commencement of the George Washington University, held June 5 at Constitution Hall, Washington, D.C.

Miss Coate, who formerly attended Stephens College, received the degree of Bachelor of Arts in History.

Area People Attend Clothing Gathering

Local area clothing representatives who attended the annual Market Week of the West Coast Salesmen's Association at the Sheraton-Palace Hotel in San Francisco recently included:

From Orinda—Virginia Snow of the Virginia Hammond shop; Lee Edwards and Mary Lange of the Judy Lee shop; John and Gertrude Ogden of Ogden's.

From Lafayette—Robert Friedman of The Emporium; Claudis and Earle Pierce; and Virginia Ramallo of Claudis's.

NOTICE TO BIDDERS

NOTICE IS HEREBY GIVEN that the Governing Board of the Orinda Union School District of Contra Costa County calls for sealed bids for furniture for the Pine Grove School, to be deposited before the time set for opening bids at the Office of the District Superintendent at the Pine Grove School, Award of the contract will be made at a later meeting of the Governing Board.

General Conditions and Detailed Specifications may be secured at the Office of the District Superintendent at the Pine Grove School. Bids will be opened at 11:00 a.m. on Monday, July 22, 1957, at the Office of the District Superintendent, and will be awarded at a Special Meeting of the Board of Trustees, Monday, July 29, 1957, at 8:00 p.m. at the Pine Grove School.

By order of the Board of Trustees of the Orinda Union School District.

Dated: July 1, 1957.
KARL E. SCHEVILL,
Clerk of the Board.
0887—Orinda Sun, July 5, '57.

Mrs. D. E. Winkler Visited by Mother

Mrs. C. M. Clark of Lawrence, Kans., visited her daughter, Mrs. D. E. Winkler of Orinda, for two weeks in June.

Together they saw Cinerama's "Seven Wonders of the World" and "South Pacific." Also, the family made a Sunday trip to Carmel-by-the-Sea.

Mrs. Winkler and several of her friends honored Mrs. Clark at numerous teas and morning coffees.

On her way to Orinda Mrs. Clark spent a few days with a son in Amarillo, Tex., and from Orinda was to go to Long Beach to visit a sister for five days.

Pharmacy Delays Its Grand Opening

Grand Opening celebration at Orinda Pharmacy's new store, originally anticipated for July 12-13, has been unavoidably delayed, owner Frank Delos announced Wednesday.

The new, enlarged store at 50 Moraga Highway, Orinda, at the corner of Brookway Road, has been in operation since May 31. Delos said the Grand Opening is now expected in a few weeks. Details will be announced soon.

In last Tuesday's Sun Shopping News an announcement gave the originally scheduled dates as those of the Grand Opening.

LEGAL NOTICE

NOTICE TO CONTRACTORS

Notice is hereby given that the Board of Trustees of the Orinda Union School District, Contra Costa County, State of California, will receive bids for the furnishing of all labor, materials, transportation and services for the erection and completion of additions to Sleepy Hollow School on school property located on Washington Lane, Orinda, California.

Each bid shall be in accordance with plans, specifications and other contract documents now on file at the office of Jack Buchter, Architect, A.I.A., and Associates, 61 Moraga Highway, Orinda, California, where they may be examined and copies obtained from the Architect upon deposit of Twenty-five Dollars (\$25.00) per set, which deposit will be refunded upon the return of such copies in good condition within forty eight (48) hours after the bids are opened. Deposit checks shall be made payable to the Orinda Union School District.

Work shall commence within ten (10) days after the award of the contract and notice to proceed and shall be completed within one hundred and eighty (180) calendar days after commencement. Liquidated damages for failure to complete the work within the contract time will be assessed in the amount of One Hundred Dollars (\$100.00) per day.

Each bid shall be made on a proposal form to be obtained at the office of the Architect and shall be accompanied by a certified check or cashiers check in the amount of Ten Thousand Dollars (\$10,000.00) and shall be made payable to the Orinda Union School District, shall be sealed and filed with the Clerk of the Board of Trustees of the Orinda Union School District, Contra Costa County, on or before Wednesday, July 17, 1957, and read aloud at 8:00 p.m. of that day at the Board Room of Pine Grove School, Altamira Drive, Orinda, California.

The above-mentioned check shall be given as a guarantee that the bidder will enter into the contract if awarded to him and will be declared forfeited if the bidder refuses to enter into said contract after being requested to do so by the Board of Trustees of the Orinda Union School District.

The Board of Trustees reserves the right to reject any and all bids or waive any formality in the bid. No bidder may withdraw his bid for a period of thirty (30) days after the date set for the opening thereof.

The prevailing rates as ascertained and established by the Contra Costa Building and Construction Trades Council, latest edition, shall be paid by the contractor and all subcontractors.

Scale of Wages

Contra Costa Building and Construction Trades Council

June 1, 1957

Prevailing rate of per diem wages ascertained and established by the Orinda Union School District and the County of Contra Costa, to be paid by the Contractor and all subcontractors.

Crafts or Types of Workmen

Boiler Makers (plus 7½¢ per hr health & welfare) \$3.45

Boiler Makers Helpers (plus 7½¢ per hr health & welfare) 3.15

Bricklayers (15¢ per hr health & welfare plus 10¢ per hr vacation allowance) 3.75

Bricklayers (plus 10¢ per hr health & welfare) 3.00

Carpenters and Joiners (7½¢ per hr health & welfare plus 4¼¢ vacation allowance) 3.225

Rites Held for Mrs. Weidlein

Funeral services were held Tuesday morning at the Chapel in the Valley, Lafayette, for Mrs. Marie Weidlein, 80, of King City, Calif., who died suddenly last Saturday while visiting her daughter, Mrs. E. A. Patterson of 1189 Upper Happy Valley Road, Lafayette.

The rites were conducted by the Rev. Gene Hill of Hayward. Inurnment followed at Sunset View Mausoleum, Berkeley.

In addition to Mrs. E. A. (Rose) Patterson, survivors include two other daughters, Mrs. Elsie Oberwitt of Las Vegas, Nev., and Mrs. Louise Bryan of King City; a son, Walter Weidlein of Pleasant Hill; three grandchildren, Edward Patterson of Lafayette and Sally and Donald Weidlein of Pleasant Hill, and two great-grandchildren.

Mrs. Weidlein was a member of Admiral Sampson Auxiliary 41 of the Spanish-American War Veterans. She was a native of Germany. For many years she lived in Hayward and Berkeley.

Hall Visits Portland

Navy Lieutenant (jg) James D. Hall, son of Mr. and Mrs. Ralph C. Hall of 72 Davis Road, Orinda, and husband of the former Miss Bonnie Birkmeier of Milwaukee, aboard the attack cargo ship USS Algal, visited Portland, during the annual Rose Festival June 13-16.

Scout Salute

Troop 266

Girl Scouts of Troop 266 of Orinda held a Court of Awards recently at the home of Mrs. Pat-mont, group leaders.

All the girls attend the Del Rey School. The court was conducted by two co-leaders of the troop.

There were 14 girls who received awards.

Troop 156

Members of Troop 156 Orinda Intermediate Girl Scouts held a Court of Awards at the Scout Hut at Orinda Park Pool on the afternoon of June 12 in the presence of their mothers.

The girls received their Second Class badges from Mrs. Owen Jones, troop leader, and Dabber badges from Mrs. Win-field Dunshee and Mrs. Clyde Gardner, co-leaders.

Following the ceremony, the new leaders for next year were introduced as Mrs. Stanley Swan-

son, troop leader; Mrs. Grover C. Dilsaver, co-leader; Mrs. Kenneth Courtwright, troop committee chairman.

This year's leaders were presented potted plants by the girls in appreciation of their help.

Members of the troop are Marilyn Anderson, Bonnie Brooks, Kay Courtwright, Susan Dilsaver, Susan Gardner, Julia Henderson, Helen Johnson, Janet Jones, Eleanor Larson, Sandra Lee, Stacy Magill, Patricia Martland, Deirdre McKee, Terry Morris, and Judy Swanson.

NOTICE INVITING SEALED BIDS
(Local Improvement District No. 35)

Pursuant to the provisions of the Improvement Act of 1911 and to the Resolution of the CENTRAL CONTRA COSTA SANITARY DISTRICT of June 20, 1957, ordering said work, said District Board hereby invites sealed bids and proposals for doing the work and improvement described in Resolution of Intention No. 1032, said Resolution being hereby referred to for a description of said work and improvement, the grades to which it is to be done, a description of the District to be assessed to pay the costs and expenses thereof, the bonds to be issued, and for all further particulars contained in said Resolution.

Reference is hereby further made to the plans and specifications and detailed drawings for said work on file in the office of the Secretary of said Central Contra Costa Sanitary District in accordance with which said work shall be done. Said plans, specifications and contract document forms are available for examination without charge and may be secured by making deposit of TWENTY AND NO/100THS DOLLARS (\$20.00) at the office of the Central Contra Costa Sanitary District, 1250 Springbrook Road, Walnut Creek, California, which deposit will be refunded upon the return of the plans and specifications in good condition within TEN (10) days after the date of opening of bids.

Notice is further given that the District Board of the Central Contra Costa Sanitary District, County of Contra Costa, State of California, has established a prevailing rate and scale of wages in accordance with law to-wit:

CLASSIFICATION SCALE PER HOUR
ENGINEERS

(Health and Welfare, 10c per hr.)
Group 7 3.33
Pavement Breaker with compressor combination
Small Tractor (with boom)
Group 9 3.55
Power Shovels, Draglines, Cranes, Clamshells, Backhoes
(up to and including 1 yd.) (apprentice required)

2,500 gals. under 4,000 gals. 2.825
Flat Racks — under 10,000 lbs. 2.615
Lift Jinxys and Fork Lift Drivers 2.745
Men regularly employed underground tunnel work shall be paid \$1.00 per hour premium for such work, provided that such employment underground on tunnel work continue for at least 4 hours.

Health and welfare plan payments are now in effect in all classifications as previously mentioned above.
Eight hours constitute a day's work unless otherwise specified. All overtime is double time, unless otherwise specified. Saturdays, Sundays and holidays, double time.

NOTICE IS ALSO HEREBY GIVEN BIDDERS that it shall be mandatory upon the contractor to whom the contract is awarded, and upon all subcontractors under him, to pay not less than said general prevailing rates of per diem wages, as above listed, to all laborers, workmen and mechanics employed in the execution of the contract.

Anything to the contrary in the above wage scale notwithstanding, the Contractor and all subcontractors under him shall pay all their laborers, workmen, mechanics, and employees on said work a salary or wage at least equal to the prevailing salary or wage for the same quality of service rendered to private persons, firms or corporations under similar employment, within the Central Contra Costa Sanitary District.

The per diem wage rate is the hourly rate hereinabove mentioned established multiplied by the number of hours hereinabove mentioned as constituting the working day for the particular craft or type of workman.

Before submitting proposals, the bidder shall be licensed in accordance with the provisions of Chapter 9, Division III of the Business and Professions Code, Chapter 37 of the Statutes of 1939, as amended, of the State of California, which provides for the registration and licensing of contractors.

Each bidder must submit with his proposal, a statement of his financial responsibility, technical ability and experience on the form to be furnished prospective bidders.

Each bidder shall submit with his bid on the form provided, the name and address of each subcontractor including the principal suppliers of materials and the portion of the work which each subcontractor will do. If the contractor fails to name the subcontractors in his proposal, he shall be deemed to have agreed to perform such portion of the work himself and shall not be permitted to subcontract said portion of work without previous written permission of the District Board.

The Contractor shall, in the performance of the work and improvements, conform to the Labor Code and other laws of the State of California applicable thereto and with special statutes pursuant to which proceedings

0-883, Orinda Sun, June 28, July 5, 1957.

AIRPLANE riders are these "Weekend Warriors," who are at Dallas, Tex., for two weeks of active naval aviation reserve training duty. Left to right, ropin' William Little, ACC, of 2 Claremont Avenue, Orinda, is saddled aboard F2H "Old Paint," while Lieut. Rodney Saylor of 3356 Mildred Lane, Lafayette, hopes his "G" suit will replace western duds when he rides the mount, and Lieut. Howard Martin of 3144 Plymouth Road, Lafayette, who has traded in his cowboy clothes for Navy gear, awaits his turn on the "bronc." They are members of Jet Squadron VF-872, Naval Air Station, Oakland.
—Official U.S. Navy photograph

Suburbia Scribblings

By MARIE MONAHAN

Ain't nature grand!

One Orinda mother tossed and turned in her sleep the other night worrying about her boys "sleeping out." So throwing on her robe, and w/flashlight in hand, she groped her way thru weeds and woods only to come upon the boys sleeping soundly and camped KERPLUNK! Right in the middle of her newly-nurtured zinnia plot.

Stifling a stiff "boot," she moved the boys, bodies and bag, NOT so gently to another spot, then lingered on for another hour. At 3 a.m. Gardening by moonlight and flashlight and tamping so tenderly each sad little seedling back into ITS earthen bed.

IF YOU THINK YOU have Bees in your bonnet or barbecue, you have no problem compared to the household of the Jess Longs who have been coping w/an indoor Honeycomb. After four attempts at spraying, the pest control people "gave up" on the job. So one day last week there was fresh honey for morning toast. Oozing sticky, but tasty, right out of the hallway wall. Anyone for a lick—or a solution?

The best kind to have around the house . . .

Diplomatic houseguests (a nice kind to have) will visit w/the Con Smiths of Moraga Hwy. who are anticipating an end of the month arrival from Paris of Tommy and Louise Staggs who are literally diplomatic, HE being Attache for the American Embassy.

A TRIAL RUN last week for Mack Andres of El Camino Moraga who made a fast trip (false alarm!) to Kaiser Permanente Hosp. But at least he'll know the route and possibly a few short cuts when he IS in a hurry, which is just about NOW, Mack's wife Jane expecting their third little "fireworks"!

SUMMER EXODUS . . . The Merrill Olsens of Ardilla Rd. will spend their time water-skiing at Donner Lake where they've taken a cabin. The Carl Meurks of Rheem Blvd. are seeing Seattle and then expect to tour Canada, their boys a bit reluctant to leave and miss out on their Mon-Wed. Summer League Baseball.

We are happy to report that the man w/the eloquent way of elocuting, Neville Daniels, is recovering from the eye and nose injury sustained at one such summer league game. The ball hit him HARD, crushing the glass around his eye. Another father-spectator, Ken Renwick ran him off to the Dr. immediately.

OVERHEARD AT RINEHART'S . . . Two ladies lunching, one to the other—"I had the most exciting dream last night and ALL in color." . . . To which friend offered this advice—"If that's the case, you'd better see a psychiatrist RIGHT away. We're only supposed to dream in black & white." . . . Who? We? Me? or Thee?

And in the Toy Villa . . . Young man flourishing a brand new toy—"It's my stock dividend stuff." Which was true, Financier-fellow just having cashed a check for \$124, his monthly corporation bonus!!!!

She wondered why she wandered in an unusual way

Bud and Wishy Sage (he's the Oakland Capwell man who steers you in the right direction) will hunt for seashells at Morro Bay w/their four children. The Jack Coopers are home from hunting and fishing and relaxing w/the Rudy Rasmussens of Orinda who own and operate the Haskins Resort at Buck's Lake. It's a long hot drive but worth it to the Art Henrys and children who'll visit "home" in old Ohio.

ONE ORINDA LADY (initials D.A.) dutifully followed the pills her Dr. had given her to ready for a Basal Metab Test. Then lady wondered why she WANDERED and waved in her car driving to Dr.'s office and the next thing she DISTINCTLY remembers is being drowned in hot black coffee, the pills apparently having affected her "in a most unusual way" which is not the way the pills usually behave. Since usually there's no reaction at all!

You may have missed out on My Fair Lady tickets, but you'd better start running NOW for Dramateurs' ducats for their "Tea-house" of the August weekends 2, 3, and 9, 10 when Glorietta teacher Eddie Wolz sinks his teeth and histrionic talents into "SAKINI." Performances at Lafayette Town Hall. Which is FUN, in case you didn't know!

Nuptials turned into neighborhood affair

When pretty and popular Betsy Laurensen was wed a week ago, she made a lot of people very happy. Her uncle who has no daughters of his own, was delighted to escort her down the aisle. . . . Jeanne Bottjer, who raises BOYS, had the fun of fashioning Betsy's nuptial veil and cap. And to quote the mother of the bride, Elizabeth Laurensen—

"YOU HAVEN'T LIVED UNTIL you've experienced your daughter's wedding . . . the whole thing a Labor of Love. It does something to you." Referring to the two fires in their Las Vegas Rd. area within a year, (one at Tunnichliff's other at the Bottjer's) Elizabeth continues—"It unites a neighborhood better than fires. Duties which could have been chores resulted in parties, one of which was the sandwich-making session (where hundreds were daintily decorated for the reception) on June 19th at the Don Tunnichliff's." And so it went—neighborly and genuinely sincere, w/so many wanting to help on this special occasion.

The wedding gifts were lovely, but the Cupboards were Bare. Result: A Pantry Shower on the Wed. following the wedding, held at Mrs. Elizabeth Smith's on Las Vegas. Everyone brought their favorite recipe and the ingredients, a nice way of sending a new bride forth to her first kitchen.

STILL SHAKING THE RICE from his shoes is Steve Barden, son of the Lance Bardens, who carried Shirley Ramsey over the threshold after the wedding in Santa Cruz city last Saturday.

Home from a tour of duty in Hawaii is Dave Hupp, tall son of the tall James Hupps, who is closer to home now at the San Diego Naval Base.

The Frank MacMillands and their youngsters are having a try at the Hula, the hats and the native luau in Hawaii.

IT PAYS TO ADVERTISE . . . or does it, we say wearily! The return calls on our son's SUN ad for Oak Leaf Mold were so overwhelming, he almost called it quits on any further customers and WE almost decided to let Mother Nature and our forty aaks make us a mint and go into business ourselves after banking \$22.50 in one week for Chip.

Smart Boy, that Monahan, advertising in The Sun. But you can bet NEXT time he'll make sure the supply on hand meets the demand. So a plug for the paper and you're welcome. Now WHERE are those orders to be delivered! See WHO got stuck?

FOLK DANCING is lots of fun for the youngsters participating in the Orinda Summer Recreation Program. In the foreground of a folk dancing group at Sleepy Hollow School are, left to right, Debby Denning, Julie Haefner, Chrissie Kay and Nancy Carlisle.

RHEEM CENTER merchants sponsor the Rheem Center youth baseball teams. Ed Turk (right) hands a check for \$200 from the Rheem Center Merchants Association to Charles Toll, principal of Moraga School. The money was used to purchase uniforms for the boys.

Go to Church Sunday

Episcopal

Conducting services at St. Paul's Church, Walnut Creek, during the month of July will be the Rev. William D. Boyd, rector of St. Mary's Church, Big Spring, Texas.

Services this Sunday will include Holy Communion at 8 a.m., morning prayer at 9 a.m., and Holy Communion at 11 a.m. Weekday services of Holy Communion will be held during the summer months on Wednesdays at 6 a.m. and Thursdays at 11:30 a.m.

The vestry of St. Paul's announces that on August 1 the Rev. Robert Tsu, B.D., will assume the duties of curate in this parish. Mr. Tsu received his bachelor's degree in chemistry at Trinity College and did graduate work in the same field at the University of Pennsylvania. He received his theological training at the Virginia Theological Seminary in Alexandria, Virginia, and clinical training at Bellevue Hospital in New York City.

At the service of ordination on Sunday, June 30, at Grace Cathedral, at which time Mr. Tsu was ordained to the Sacred Order of Deacons, the preacher was his father, the Rt. Rev. Andrew Yu Yue Tsu, a retired bishop of the Holy Catholic Church of China which is a member church of the Anglican Communion.

Congregational

Rev. Chauncey E. Blossom will use "Our Search for Security" as his sermon topic at the Sunday services 8:15, 9:30 and 11 in the Orinda Community Church. The Chancel Choir will sing "God So Loved the World."

Nursery care and Church School through the sixth grade will be held at 8:15; three-year-olds through eighth grade at 9:30; nursery care through eighth grade at 11 o'clock.

The Senior Pilgrim Fellowship will have a swimming and barbecue party at the home of Heidi Devin's, Old Jonas Road, at 3 p.m.

The board of trustees will meet in the Livingstone Room on Wednesday at 8 p.m.

The Information Class will meet on Thursday, 8 p.m. in the Livingstone Room.

Covenant

Rev. Algoth Ohlson will preach at both morning and evening services Sunday, at Lafayette Covenant Church. Evening service will be at 7:30 now for summer months.

Sunday—9:45 a.m., Sunday school; 11 a.m. morning worship; 7:30 p.m., evening service.

Wednesday—Prayer meeting and Bible study, 7:30; choir rehearsal.

North Park College Messengers will visit our church on July 15, keep that date open.

Messengers of North Park will present a program of hymns and anthems.

BASKET WEAVING is a fascinating part of the crafts program in the Orinda Summer Recreation Program. Miss Shirley Gee (center), instructor, gives a demonstration at Sleepy Hollow School, to (left to right) Paul Gregg, Tommy Hopkins, Buzz Ward and Susan Gregg.
—Sun photos by Mattson

Rheem-Moraga Sun

By EVA THUNE, DR 6-5593

Never thought I'd see the day when I would be happy to see fog in the mornings, but take my word for it, I am. Day after day of excessive heat can make one feel like staying home, instead of "getting the mail through," but now, it's a pleasure, ma'am!

Although it is summer, events are still in existence, and the report of the Concord Horse Show two weeks past, showed our Moraga Junior Horsemen to be experts. Two of our very local "cowgirls" came home proud winners, Jackie Carr, Grand Marshall of the Color Guard and Caroline Thune, who is the president of the local organization.

To carry on the tradition of representation, the Color Guard of the Moraga Junior Horsemen's Association, and a number of the members, rode June 30, in the parade of the Lafayette Bypass Fiesta. After the parade the members and families adjourned to their local arena site, and enjoyed a barbecue picnic.

BIRTHDAY.
A belated HAPPY BIRTHDAY to Miss Julie Rose, who lives at 8 Harold Drive, Moraga. Julie celebrated her 7th birthday June 20 with a party for quite a number of her young friends.

To my own two girls, Rebecca and Linda, I wish a very warm HAPPY BIRTHDAY. Although Becky already celebrated her 7th birthday on June 26 and Linda will celebrate her 9th on July 10, they entertained friends July 2 at a joint birthday party. High light of the day for most of the guests was the horse back riding—courtesy of Buttons (the horse).

Have you been wondering where Hazel Gaspari has disappeared to from Bill's House of Beauty? If so, you'll now find her at the Country Hair Dresser in Orinda. Her very fine husband, Ray, is still with our own fire department, however.

Want to let you all know that those good friends of mine and yours, the Andersons, have now completed changing the name of their establishment from The Lion's Den to a combination of theirs, EVANDI. It, as you know, is located on Park Street, in the Rheem Center, Moraga, real near the theatre. Which, by the way, is also located in MORAGA!

MOVE
Hated to see the For Sale sign up in front of the Bill Davis' house. But, on further inquiry, it is found to be an advantageous move for the Davis family, although they hate to leave our area. Bill has transferred after 20 years with his former company to the Fortier Transportation Co. in Fresno. So, they move.

They also just returned from a week in Southern Calif., where they covered a lot of territory and particularly enjoyed Disneyland.

CLUB
The last regular meeting of the Moraga Valley Community Club was held the evening of June 28. Presented to the club were two speakers Verne Patterson, of Lafayette and John Nejedly of Walnut Creek, who spoke as invited parties on a very pertinent subject at the present time, that of "Advantages and Disadvantages of Zoning for Light Industry in a Residential District." As both men are well informed on the subject, the club members received interesting information.

The subject of the renaming of certain parts of Moraga was also brought before the Board, and it was agreed more study of the subject is advisable.

We've Moved to a TEMPORARY LOCATION

to await completion of our new building

We're still giving the same

Grand Jury Report Filed Now, How About Action?

Highest congratulations should be extended to the 1956-1957 Contra Costa Grand Jury for its excellent report which was recently submitted to Judge Hugh H. Donovan.

The grand jury has done an outstanding job in devoting of its time and talent to the understanding of the county's government and its many government bodies.

It has spent untold hours in the studying of county problems and filing recommendations on these problems.

Now, it is up to the Contra Costa County Board of Supervisors to act on these recommendations.

Will the board act? Or will it, as it has done in many, many cases in past years, ignore the recommendations of the grand jury.

It does not seem right that a grand jury should work for an entire year, file its report and recommendations and have them ignored by the responsible officials of the county.

In past years, some of the recommendations have been adopted and are now implemented throughout the county form of government.

But what has happened to recommendations of this grand jury on the outlawing of pinball machines and the licensing and regulating of card rooms in the county? The grand jury report was filed in February on these points, yet the board appointed a committee to study the problems and that's the last anyone has heard of pinballs, card rooms or the committee.

The incoming grand jury should in-

sure that the recommendations of the 1956-1957 grand jury are not ignored by the county.

We urge the new board to ask members of the outgoing grand jury to meet with them in an ex-officio capacity so that the new grand jury may be better aware of the old grand jury's recommendations.

Philip Bancroft Jr., outgoing foreman, urges to the presiding judge that there should be a greater continuity of effort on the part of grand juries and that the new one should be able to pick up where the previous jury left off without having to make a fresh start.

In addition to the jury regular duties it held two indictment hearings. One resulted in an indictment and one in an accusation.

What will become of the accusa-

tion? It must indeed be disappointing to a member of the grand jury to see hard work go down the drain of county politics and to see recommendations disregarded in their entirety or dumped for "budget reasons."

The answers to many questions which have been posed by the grand jury are not easy to obtain, nor are the decisions easy to implement, this is granted. But what is of utmost importance is that the supervisors at least give more than serious consideration to each recommendation of the jurors.

Again, we urge that the present Grand Jury examine closely the recommendations of the retiring grand jury and that county officials take action wherever needed.

How to be on Both Sides Of the Fence for Money

By PAT PENDING

Here's a cereal story—

One breakfast fodder outfit is advertising "crazy rings" on its packages. If you're not careful, you may find a pencil sharpener ring or part of a real meteorite from outer space imbedded in your larynx!

One of the craziest rings that I have ever heard is the noon whistle blast in Martinez. Honestly, the first time I was nearby when it went off, I thought that the Grand Jury had exploded in the Recorder's Office!

Shouldn't he be permitted to have a private practice? Then he could Why should a D.A. have to work full time at being a D.A.? Why act as prosecutor and defense attorney in the same case and save the county money!

Maybe if we hadn't killed all those fighting roosters we could stem the grasshopper invasion!

In answer to a letter I received from Mrs. (name withheld by request); No, the Kaiser Foundation is not a new type girdle!

I feel especially good this week! I've finally become an uncle! I've been an aunt three times—but, finally, my sister has produced a boy. Name's Jeffrey but he'll probably make good anyway! Anyway, you can see why women outnumber us men—when they insist on having girl babies at a three-to-one ratio.

Modern scientists have done wonders for mothers. They made possible strained baby foods so that it is no longer necessary for mothers to strain their babies!

There have been many wonderful inventions during this century; television commercials, hydrogen bombs, trading stamps, and tranquilizing pills. Now, I understand a firm is going to manufacture a new concoction which, I am sure we all need. It is bottled highballs complete with vitamin pills—so you can build yourself up while tearing yourself down.

Then there's the new cigarette soon to hit the market. It can't hurt you—it's ALL filter!

If you really want to quit smoking here's a sure way to do it. Buy yourself a pair of shears and everytime you light up you merely take the shears and cut off the lighted end of your cigarette!

VanMetre Wins Appointment

Mrs. William T. Butner, president of the Easter Seal Society for Crippled Children and Adults of Contra Costa County, announces that the board of directors has appointed Richard T. VanMetre, Jr., to the position of executive director effective this week.

VanMetre is well known in Contra Costa County, having served with the American National Red Cross as director of field services in this and other areas.

Employed by the Red Cross since 1942, he has had wide and varied experience in working with volunteers and supervision of staff, serving in such positions as disaster field representative, field director of military welfare services and assistant director of home service.

He was assistant director in the Portland area during the 1948 Vanport floods, and for the valleys of California during the floods of 1955-56.

He directed—special mission by the Red Cross on behalf of the Navajo Indians in Arizona, and served as advisor to the Korean Red Cross and of the League of Red Cross Societies in Korea.

His membership in professional organizations includes the National Social Welfare Assembly and the 1957 National Conference Committee of the Adult Education Association.

He is now serving as president of the California State Committee on Adult Education.

VanMetre was graduated from Midland College in Nebraska and received his training in Social Welfare from the School of Social Service Administration at the University of Chicago.

His duties with the Easter Seal Society will consist of administration of staff for the Sheltered Workshop in Richmond, community organization, supervision of program development, including public education throughout Contra Costa County.

ABOUT WATER

Dear Editor:

Mrs. Jeffrey brought up a good point in favor of fluoridation. She pointed out that distilled water was enjoyed by children because it is tasteless. Fluoridated water is also tasteless, and enjoyable for children to drink.

As sodium fluoride is added to a city's water supply before the millions of gallons of water are distributed to our homes, there is no need for any other control. Fortunately, water is used in cooking and in other ways in which we get its benefits, thus not depending solely on an individual drinking too much or too little of the fluid.

Most authoritative sources are not aware of any valid survey which cites 800 physicians and dentists against fluoridation. Even allowing of such a list, which would take months to ascertain its validity or lack of it, the 90,000 members of the American Dental Association alone who have endorsed fluoridation would make such a statement an extremely small representation of contrary opinion. Any profession or organization will always have a small group of its members in opposition to some of its aims and objectives.

IN REGARD to cities which have discontinued the use of fluoridation after one to five years, I would like to recall an article which was written by Dr. Harry Lyons, president of the American Dental Association, and published a few weeks ago in the Sunday magazine supplement of the San Francisco Examiner.

Dr. Lyons is concerned with a small group of people in this country who are carrying out a well-planned campaign to undermine fluoridation of city water supplies.

He also reveals there are some 2400 communities in our country that are enjoying a lower incidence of dental decay than the national average through having fluoridated water.

DR. LYONS pointed that, simply and truthfully, fluoridation is safe, effective, and inexpensive. He reminds us that this has been proven by years of painstaking scientific research.

I hope that Mrs. Jeffrey will finally understand that I am interested in dental health beyond the narrow confines of one's own home, to the more than one-third of 6527 children in an examination of our schools in 1955 who were found to be in urgent need of dental care.

As a result of this survey by our Contra Costa County Health Department, the following recommendation was listed as number one:

Fluoridation of all our fluoride-deficient water supplies.

RICHARD W. LÉLAND.

CLOTHING AID

Dear Editor:

May we take this opportunity to thank you and the following organizations for helpful services in our recent clothing drive:

Girl Scouts Troop 98, Jim Cunningham Tire Service, Safeway Stores.

The clothes have gone to aid mostly the American Indian families in Oakland, as well as in parts of New Mexico, South Dakota, Nevada and Arizona. Others were provided for Korean orphans, and some to men in the "skid row" area of Oakland.

The need still prevails for additional clothing, which may be deposited at Jim Cunningham's Tire Service, Mt. Diablo Boulevard, Lafayette, next to the Lafayette Sea Food Groto.

Any reader wishing to contribute of his time or support of the program may write to:

WORLD AID, INC.,

CONGRATULATIONS

Dear Editor:

Congratulations on winning the national award for community relations and newspaper promotion.

We have appreciated the cooperation and publicity you have given our organization this past year.

LEE NORRIS,

Under The Sun

How, When, Where Will Your Child Be Hurt?

By HERMAN SILVERMAN

From Huck Finn's time on, boys have lived more dangerously than girls. And according to Child Injury reports released by the Alameda-Contra Costa Medical Association for 1957, statistics prove that this is still true.

So far this year, 5308 boys have been injured while only 3,133 girls in this area have suffered accidents.

According to the statistics, the all around safest child in the safest place at the safest time, would be a 14-year-old girl in the basement of her own home between the hours of 1 a.m. to 6 a.m. on a Friday.

Pity her poor little brother, who is four or less! From 1 p.m. until dinner time, he is apt to be in the yard of his home on a Sunday, suffer an unclassified fall and receive lacerations.

If he can avoid flying rocks, hot liquids and other objects which either hit or catch him, he'll survive to a ripe old 14 when he too can spend the hours on a Friday from 1 a.m. until 6 a.m. in the basement of his home.

You can't win . . .

And if he doesn't have a firearm with him, or a chemistry set apt to cause fire or explosion, he'll probably have a hamster or some other animal who will bite him.

The Medical Association tells us that children under four are in the really risky bracket. Children aged five to nine years are slightly safer and youngsters 10 to 14 rank higher on the safety scale.

Afternoons are the most hazardous time of day with 4051 accidents occurring this year between 1 p.m. and 6 p.m. Evenings are pretty risky too, with 1950 mishaps taking place so far this year. From 6 a.m. until noon, things are a little better and only 83 adventures were injured during the safe hours from 1 a.m. until 6 a.m.

Sundays lead the other days with 1619 accidents taking place this year. As far as accidents go, the days follow in this order — Saturday, Monday, Thursday, Wednesday, Tuesday and Friday. Friday has a low of 1536 mishaps.

A yard is by far the most risky place for a youngster to be; 1,646 accidents have taken place in yards this year.

Every parent has told his child that streets and roads are dangerous places. And they are, too, for they rank second. Home kitchens and living rooms follow closely on the list.

And as every child has tried to tell his parent, he'd be better off not going to school. Still they only rank fifth as places where accidents occur to youngsters.

Lacerations, 2979 to date, have been received by more children than any other injury. Contusions (bruises), a poor second at 883, is followed by abrasions and fractures.

Where is it safe?

Three thousand falls have occurred to youngsters in the area this year, of these 938 are unclassified. Falls on floors, on the ground, on sidewalks, on stairs, from furniture, from bikes, from trikes and from playground equipment are among the classified falls.

Children get hit by things, too. Rocks, balls, hot liquids, and 445 of them were hit by "other objects." Injuries can come from swallowing things. Wrong medicines, insecticides and other chemicals or objects, rate high on the list.

Youngsters seem to have a tendency to get caught in things. 248 of them have been caught in doors and 197 have been caught in other objects.

Dogs and other animals bite children. Nails pop up and are stepped on by the younger generation. And even as adults they are injured in auto collisions, auto-pedestrian accidents and auto mishaps other than these two.

Keep the bandages handy until your youngster turns 15.

Pre-Vacation Garden Chores

Before leaving on your vacation:

1. Apply one inch deep layer of peat moss on your flower beds and around your shrubs. Then soak the soil thoroughly.

2. Check plants now for yellow leaves and rundown, listless condition. Your nurseryman can advise you as to proper corrective measures.

3. Do your watering in the evening during hot weather, to avoid sunscald on your plants.

4. If crab grass is a problem, use one of the weed killers made especially to eradicate this pest. It should be applied several times at regular intervals.

5. Dampen the soil or walks with water around your Begonias and Fuchsias on hot days. This raises the humidity and helps cool the soil around them. A fine spray directly on the plants, is, of course, the best arrangement.

OWNER'S MANUAL

All automobile manufacturers devote much effort in preparing the "Owner's Manual" supplied with a new car. Be sure you read this booklet when you buy a new car. You will save yourself money and time if you are familiar with the information regarding your car contained in the "Owner's Manual."

CITY DRIVING

Although automobile engines are designed to operate efficiently at all speeds, continuous driving at slow speeds should be supplemented occasionally by a stretch of faster driving in the country. The engine's crankcase ventilating system is actuated by the air stream that passes under and around the engine and better ventilation is accomplished at higher speeds.

Letters to The Editor

TOOTH DECAY

Dear Editor:

Anyone who wants to argue for or against fluoridation would have little trouble finding medical and dental authorities to support whatever stand he takes. The experts are as far from agreement as the laymen.

The American public should be deeply grateful to the many physicians, dentists and scientists who have not been intimidated and had the courage, integrity and sincerity to oppose this promotion. They risked ridicule, animosity and professional ostracism to bring truth into the open. This should be sufficient warranty of their high principles.

The issue can be decided without delving into scientific aspects. It is wholly unnecessary to fluoridate the entire water supply to prevent tooth decay in children. Direct individual supervision is the only practical method of dispensing drugs and chemicals. Artificial sodium fluoride is far from a proven preventative and can cause mottling of enamel, toxicity and other disorders. A scientific and accurate method of dispensing to each individual is imperative.

WHEN DOZENS of cities have discontinued fluoridation after a one to five year trial, this is proof enough they found it very objectionable. Do we want something they have tried and discarded? We better examine the records carefully and read all the fine print before we pressure EBMUD to add sodium fluoride to our water.

I am donating to the Orinda

public library several books relating many valuable scientific facts:

1. "The American Fluoridation Experiment," by F. B. Wolf, M.D.; It's and expose of the fallacies of fluoridation. Gives actual case histories of fluoride poisoning and tells the true reasons behind the great fluoridation promotion.

2. "Tomorrow's Food," by Philip Norman, M.D. graduate of Vanderbilt U. Medical School, major, U.S. Medical Corps, member, A.M.A.

3. "The Legacy of Dr. Harvey Wiley — scientist, educator and father of our Pure Food and Drug Act." Dr. Wiley had hoped eventually the majority of dairies would be certified but this has not yet come to pass and it will not until the public is made aware of the advantages of certified milk and demands it.

All the essential minerals and vitamins in a proper balance are needed for good bone and tooth development. There are many good ones on the market containing natural fluorine.

MRS. FRED R. BROWN

Dear Editor:

With understandable fanfare the Lafayette bypass was opened to traffic on Thursday last, but on Friday and Monday the trip to Oakland during commuting hours consumed about the same time as it had previously.

The blockade now exists from the junction of the Lafayette turn-in and Upper Happy Valley

road intersection to the top of Charles Hill.

I SUPPOSE there are plans for ultimate correction of this situation by extension of the freeway through that short area, but it could be immediately relieved by a relatively small expenditure. If the highway from the Lafayette turn-in to the top of Charles Hill were widened to five lanes and two lanes used for eastbound traffic and three for westbound traffic, the third westbound lane would permit the Lafayette and Upper Happy Valley road traffic to move into the highway under steady flow and permit slow trucks to traverse that distance in the outer lane without impeding other traffic.

This was ultimately done to relieve the situation west of the Orinda cloverleaf to the tunnel, and until it was there was limited improvement resulting from that expenditure. The widening of the highway to five lanes between the Lafayette turn-in and Charles Hill could be done with little trouble and expense because there is ample room on the south side of the highway which could be converted into an additional lane by a simple widening of the shoulder.

UNTIL THIS is done we will not realize a full or fair return on the large investment of the Lafayette bypass.

I think you are in a position to present and press the matter in such a way that this remedial action will be promptly undertaken and not interminably delayed.

G. W. LUHR.

Lafayette Nine Still Tops League

Only One Game Left In Season

With one more game to play this season Lafayette continued to lead the eastern division of the Contra Costa County Babe Ruth League today with an 8-0 record after double wins over the weekend.

Walnut Creek Optimists came through with a win in their single game to retain second place while Danville Stars won one and lost one to take over third place in the standings.

Lafayette defeated West Pittsburg 10-5 on Sunday after overcoming Danville 4-1 on the previous day. Trailing 4-5 in the fifth Lafayette came through with six runs to make it 10-5 where it stood until the game ended.

Highlight of this inning was a triple by Lou Cosse, Lafayette third baseman, with three on.

Four doubles by the Optimists was the contributing factor to their defeat of West Pittsburg 9-1 in their single game of the weekend.

Danville came from behind in the last inning to defeat Martinez 5-4 in their second game of the weekend. Ken Gersten, first baseman, and Dick Needham, right fielder, delivered the telling blows to drive in the winning runs. Earlier, Mike Oaks, Danville catcher, banged out a home run on the offerings of A. Durkee.

In taking over third place Danville now stands four and five to Martinez' three won and five lost record.

Cary Posts 87 In Ladies Day Orinda Tourney

Mrs. Charles Cary of Sequoyah Country Club posted the low gross score of 87 in a recent Ladies Open Day Golf Tournament held at the Orinda Country Club.

Lowest handicap score in four classifications of play was by Mrs. Russell Simi who stroked 88 for the second lowest score. Her 10-handicap gave a 78 score and the Class A victory.

Other classifications were won by Mrs. P. N. Kane of Diablo in Class B with a 92 score, 12 handicap and 79; Mrs. L. J. Keller of Castlewood, Class C, 92-14-78, and Mrs. Morgan Fottrell, Jr. of Del Rio, Class D, 90-160, 90-16-74.

The complete scores with gross score, handicap and net score: Low gross: Mrs. Charles Cary of Sequoyah—87.

Class A: Mrs. Russell Simi, Sequoyah, 88-10-78; Mrs. James Sharp, Orinda, 89-10-79; Mrs. Michael Pavly, Orinda, 90-9-81; Mrs. Charles Christian, Mira Vista, 90-9-81.

Class B: Mrs. P. N. Kane, Diablo, 92-13-79; Mrs. L. D. Baum, Richmond, 92-13-79; Mrs. Condi Ojeda, Richmond, 92-13-79; Mrs. Perry Thomas, Orinda, 92-13-79.

Class C: Mrs. L. J. Keller, Castlewood, 92-14-78; Mrs. R. F. Hopkins, Orinda, 92-14-79; Mrs. Larry Robinson, Del Rio C. Club, 94-14-80; Mrs. Bolling R. Chinn, Stockton C. Club, 94-14-80; Mrs. Earl Jackson, Castlewood, 95-15-80.

Class D: Mrs. Morgan Fottrell, Jr., Del Rio C. C., 90-16-74; Mrs. Albert Guerard, Mira Vista, 92-16-76; Mrs. Eino Husa, Mira Vista, 95-17-78; Mrs. Philip Herrmann, Castlewood, 98-18-80; Mrs. O. W. Reid, Orinda, 99-18-81.

Dr. Ligon Now At New Office

Dr. Ralph Ligon, optometrist, has moved his office to 958 Moraga Road, Lafayette, at the corner of Moraga Boulevard. He has been practicing here for seven and a half years.

Dr. Ligon and his wife, Terry, live with their two sons, Larry, 10, and David, 7, at 675 Doreen Way, Lafayette. Both Dr. and Mrs. Ligon are active in a number of community projects.

Dr. Ligon is past president of the Lafayette Rotary Club, and Mrs. Ligon is a past president of the Larks Unit of Mt. Diablo Therapy Center. Among other activities, Dr. Ligon was co-chairman of the Lafayette March of Dimes campaign in 1956.

EVER TRY to be a Little League Umpire? Well don't try it if you want to keep your blood pressure at a normal rate. Jim Cross finds that the little guys can argue just as long and as hard about the finer points of the game as the big brothers in the majors. On the other end of the dispute is Ken DeMartini—Sun photo by Bette Balog

OSCAR VITT, chief of the Examiner Baseball School, takes Bob Armstrong through batting practice paces at the Concord City Ball Park. Hundreds of boys attended the session conducted by Vitt and a score of baseball greats—Sun photo by Bette Balog

Enrollment, Added Cost Up Acalanes Tax 12.7%

An enrollment increase of 20 per cent, salary raises and general increases in other costs will raise the Acalanes High School District tax rate approximately 12.7 cents next year, according to the 1957-58 tentative budget approved on June 24 by district trustees at their meeting at Acalanes High School.

A hearing on the proposed budget is scheduled for August 5. The 1957-58 budget will total \$2,067,060. The operational portion of the budget will be approximately \$1,318,000 above the expenditure this year, representing an increase of 25 per cent in operational expenditures. The difference between the operational budget of \$1,586,380 and the total expenditure will be used for construction and purchase of equipment.

According to school officials, the single area of the budget with the largest increase is the instructional classification which represents \$254,430 of the \$318,000 operational increase, getting part of its boost from the 21 additional teachers hired by the District to help meet the estimated 3,200 enrollment this fall.

The 1957-58 levy will put the high school tax rate at approximately \$1.74, one cent below the legal maximum of \$1.75. A portion of 1957-58 costs will be met with additional state aid of \$52,000, received by the District in conformance with the school finance assistance bill passed recently by the State Legislature.

In other action, trustees let bids for construction of a music building and classrooms at Las Lomas, after having ordered the original bid, which was too high, broken down into its components. Construction approved will provide two music classrooms and two standard classrooms for

the Walnut Creek campus.

Trustees also approved preliminary plans for building additions at Miramonte High in Orinda, construction to be completed by fall of 1958. Plans call for the erection of 12 classrooms and two shops. The additions will provide space for an enrollment of 1,100 pupils. Nine hundred and twenty-five are anticipated by the completion date for construction.

By letting the building contract, trustees expect to complete additional construction, normally requiring two years, in one year to provide one year when there is no distracting construction on campus and allow for possible savings by including the work in one shorter term contract.

Low bids at \$15,000 were accepted by Del Monte Electric for lighting the Miramonte gym stage, and \$4,820 by Ink Ribbon Manufacturing for installation of curtains on the stage.

Planetarium Offers 'Trip to the Moon'

Do you moon for the moon? You can gratify your longings by taking in Morrison Planetarium's current summer show, "A Trip to the Moon." In fact, George Bunton, manager of the sky theater in Golden Gate Park, San Francisco, says that after seeing the exciting show you will have a hard time convincing yourself you haven't actually been there.

The show will run for two months, from July 3 through Labor Day, September 2. Shows are presented daily (except Monday and Tuesday) at 2:15, 3:30 and 8:30 p.m. with an extra matinee at 1 p.m. on Saturdays, Sundays and Labor Day.

A complete hardtop program has been set by Promoter Jack London to back up the 25-lap main event. A trophy dash four heats, a final heat and the semi-main will precede the feature race.

Time trials open action at 7 p.m.

El Cerrito Takes Legion Lead With Sunday Victory

El Cerrito moved into first place in Ninth District League Junior baseball standings over the weekend, whipping the previous loop-leader Richmond 4-1 Sunday on the winners' field.

The Richmonders also dropped their Saturday game 4-3 to San Pablo who now share a second place 5-3 tie with Lafayette, one-half game behind.

THE OILERS share a fourth place tie with another Richmond team, Harry Ells, with 5-4 marks. Concord broke its 30 inning scoreless streak and whipped up-and-down Martinez 4-3 on Saturday.

Tom Larscheid might have had a shutout for Martinez on Saturday, too, but his teammates committed four errors to allow Concord the same number of runs—all unearned.

BILL LOCATELLI, who scored again in the eighth, broke Concord's scoreless streak with a first inning tally. Martinez also benefited by a sixth inning error which they combined with two singles to score both their runs.

Phil Seyer started for the winners and was relieved by Dennis Treadway in the fourth.

Walnut Creek pitcher Wade Hansen was also hurt by errors against San Pablo. The Knights committed two in the seventh inning in which the home team

scored all three of the game's runs.

MARTINEZ IS now in sixth place with an even 4-4 record, Concord is seventh with a 4-5 mark.

Walnut Creek stayed in the basement with a 2-5 record and a 3-0 Sunday defeat at San Pablo.

The Pittsburg Legion team—with five straight losses—dropped out earlier in the season.

FOUR FOUR-HIT pitching performances highlighted the week end action. Bobby Smith turned in a good job for Harry Ells against Concord, allowing no visitor to reach second base as his team played errorless ball behind them.

John Flavin followed up his one-hitter for El Cerrito last weekend with a neat four-hitter against Richmond Sunday as his El Cerrito team took over the league lead.

The standings:

	W	L	GB
El Cerrito	5	2	—
San Pablo	5	3	½
Lafayette	5	3	½
Harry Ells	5	4	1
Richmond	5	4	1
Martinez	4	4	1½
Concord	4	5	2
Walnut Creek	2	5	3

Panthers Prep for Grid Opener with Santa Cruz

Contra Costa County's semi-professional Panthers completed their fourth week of practice last night on the Martinez Junior High School field.

The newly organized football team is coached by Lafayette's Leo Peccianti and includes a number of former central county high school standouts and East Contra Costa JC players.

NINE CONCORD players are trying out for the team. The largest number of former high school players are from Pittsburg.

The team must pare its roster to 27 players by July 27 when it travels to Santa Cruz to meet the Seahawks in its first Pacific Football Association game.

Biggest question mark for Peccianti so far is quarterback. The only candidates for the job are Dennis Coffey of Mt. Diablo and Dan Hernandez of Pittsburg.

SOME OF THE other positions appear to have a surfeit of talent. Ray Murphy, of Richmond, Eddie Miller, ex-Alhambra; Pete Venzani, formerly of ECCJC and Ken Ramey of Antioch are among the leading contenders for line positions.

Two former ECCJC players, including 1956 all conference end Bill Parnell and Martin DiMeuro, and John Sanchez, a Pittsburg star last season, will probably man the end positions.

Three Pittsburg products—Elliot Lawson, Don Herrera and Al Casillas—will vie with Frank Aiello of ECCJC and Ken Ramey of Antioch for halfback jobs.

AT FULLBACK leading contestants include John Tackitt, with ECC in 1956, and former Mt. Diablo end Troy Huddleston.

The schedule includes three home games and five road clashes. A sixth road game is presently being negotiated.

A Concord home affair, possibly against the Golden Athletic Club of Oakland, is scheduled.

Dudley To Shoot For CC Victory

Gene Dudley, Napa hardtop driving star, shoots for his second consecutive victory at Contra Costa Speedway tomorrow night.

Dudley, who last season finished third in the final Bay Cities Racing Association standings behind champion Bob Caswell and Chuck Webb, has taken a commanding lead this year.

Although the other pilots have held Dudley to two main event triumphs at the track, Gene has swept five in a row at another Bay Area oval.

Others beside Caswell and Webb who will try to short circuit Dudley's title drive include Chet Thomson, Lee Hupfers, Johnny Franklin and Wally Baker.

A complete hardtop program has been set by Promoter Jack London to back up the 25-lap main event. A trophy dash four heats, a final heat and the semi-main will precede the feature race.

Time trials open action at 7 p.m.

Highway Stops

One of the most dangerous things you can do while driving is to stop your car on the highway, especially at night. If you have to stop for any reason, pull well off the pavement.

JUNIOR BASEBALL for young Orinda boys is a popular activity each Monday and Thursday evening. Here, a manager dad gives catcher son a few pointers. The Fifth and Sixth Grade League contests are at Sleepy Hollow and Orinda School diamonds. Teams in the Third and Fourth Grade League perform at the Glorietta and Del Rey School diamonds. All games start promptly at 6:45. —Sun photo by Mattson

Reserves Hear Ballistics Talk

Intricacies of the Air Force's newest development in intercontinental ballistics missiles, the Atlas, were described to Bay Area reservists recently at Dwinnelle Hall, University of California, Berkeley.

Dr. D. A. Swanson, of the Air Research and Development Command, Western Development division, gave a progress report on the Atlas, and will discuss other phases of the Air Force's ballistic missile program.

The program was the third joint meeting to be held quarterly for squadrons of the 9080th Air Reserve Group assigned to the 2562d Air Reserve Center in Oakland. The host organization was 9445th Squadron in San Leandro, commanded by Lt. Col. Kenneth W. Healy.

CHANGING LANES
Switching lanes constantly on a freeway is foolish. Such maneuvering saves only a few minutes time at best and it is the kind of driving that leads to trouble. Change lanes only when necessary, and then be sure the lane you are moving to is clear.

Orinda Nabs San Leandro Swim Honors

Last Saturday the Orinda Park Pool swim team and the Sleepy Hollow team combined forces in entering the San Leandro Relays at the San Leandro High School pool.

The boys, 10- and -under relay team captured first place in the 100-yard freestyle relay.

Those on the four-man team were Tim Pardini, Mike Kersten, Billy Cooper and Jerry Kirby. Their time was 59.7.

THEY ALSO bagged a first in the 100-yard medley relay, in which they broke the existing record.

This team consisted of Tim Pardini, Mike Kersten, Billy Cooper and Winston Cundiff. Their time was 68.5.

THE 8-AND-UNDER boys placed second in the 100-yard medley relay and third in the 100-yard freestyle relay.

The boys on this team were Johnny Kirby, Tim Cundiff, Warren Webster and Kim Olsen.

The Orinda Park swim team is coached by Jerry Hays. The Sleepy Hollow team is coached by Phoebe Cramer Scott.

Safety Record Set by EBMUD

For the second time in its history the East Bay Municipal Utility District has chalked up industry's classic safety record . . . one million man-hours worked without a lost-time accident.

The coveted goal was reached June 28 after the utility district's nearly 1200 employees had worked 152 accident-free days. No other water utility in the United States that ever attained this record, according to EBMUD Safety Coordinator Arthur J. Webb.

Here Are Grand Jury Recommendations

High praise was extended to the 1956-57 Contra Costa Grand Jury by its outgoing foreman, Philip Bancroft Jr., of Ygnacio Valley.

In the cover letter to presiding Judge Hugh E. Donovan, Bancroft noted: "Without exception, they have responded to their responsibilities and have given more than has been asked of them, often at considerable personal sacrifice."

"There have been many differences of opinion, but only one objective—better government for Contra Costa County," wrote Bancroft.

"WE HAVE FOUND in general that Contra Costa County is being well managed and efficiently operated. Most of our officials perform their duties with sincerity and earnestness, and we congratulate them. I hope that our recommendations will be considered as constructive opinions, rather than as criticism, although criticism is called for in a few instances, the foreman's report states."

"With the increase in county business, many points in the general administration should be considered in the near future. Some questions that should be resolved are:

"1) Should the county supervisors be required to spend full time on county business and to divorce themselves from conflicting interests, with salary increases commensurate with such a program?"

"2) Should some or all of the administrative officers, such as the assessor, tax collector, clerk,

recorder, coroner and sheriff, who are presently elected, be appointed and made directly responsible to the board of supervisors?"

"3) Should some of the departments be abolished or combined with other similar departments?"

"4) SHOULD THE power and responsibility of the county administrator be increased or should the office be developed into that of a county manager?"

"The answers to these questions are not easy to obtain, nor are the decisions easy to implement. Action by the State Legislature or adoption of a county charter would be needed."

"The Department Review and Recommendations, fiscal year ended June 30, 1956, prepared for the grand jury by its auditor, Glen Whalen, contains many constructive suggestions."

"We wish to call particular attention to, and to specifically endorse, the following from that report:

"More supervision and policy control should be established over the activities of fire, flood control and other types of county special districts."

"Audits of some of the county special districts should be made at least once each year by the Internal Audit Staff or by an independent certified public accountant."

"The functions of the Internal Audit Staff should be expanded to encompass more of the activities of the various departments and officers of the general county government."

"We also concur in the recommendation that several improvements should be made in the accounts receivable procedure in some of the departments of the county."

WE FEEL THAT thorough consideration should be given to the procedure of giving overdue accounts to a private collection agency, rather than setting up a new, centralized collection division in the county," the foreman recommended.

"In our investigation of the recorder's office, we were convinced that the official in charge was not giving proper attention to his duties. Such inattention may have been partly responsible for some irregularities in the office. We, therefore, recommended that he resign or be removed from office."

Banning of pin ball machines, licensing and regulating of card rooms and the district attorney devoting full time to his job were among the major recommendations made by the Contra Costa Grand Jury in its annual report.

In other recommendations the grand jury stated that the facilities for expansion of the Rehabilitation Center suitable for development as a prison farm be accomplished as soon as possible; that a policy be established and implemented to develop an enlarged prisoner work program at the Adult Rehabilitation Center; that all county communications activities be consolidated in the sheriff's office.

THE HOSPITALS, clinics and Sanitation Committee of the grand jury included in its report that the board and administrators of the hospitals carefully study the grand jury auditors report and institute the recommendations of the auditor wherever feasible.

Training courses should be given to ambulance drivers at the earliest possible date and a procedure manual for the county should be put into use, states the report.

ADEQUATE IDENTIFICATION of and responsibility for equipment and similar affects should be established, the report continues.

The committee further recommends that an adequate dog control law be considered, that county food sanitation ordinances be passed and put in effect and that compliance with the Bay Area Air Pollution Control District's ruling of "no burning" and mak-

ing all dumps of the fill and cover type should be effected.

Rotation plans for deputy coroners be evaluated by the board of supervisors and the feasibility of a salary in lieu of fees for individual cases for the coroner were also recommended by the grand jurors.

The Public Buildings and County Properties Committee recommended that a building program of providing for an adequate administration and terminal building be pursued to the fullest extent in accordance with the master plan as accepted by the supervisors at Buchanan Field.

A LONG RANGE master plan for the development of county library facilities and distribution centers was strongly recommended by the Education Committee of the grand jury.

We recommend that in order to further compensate for inequities in library service to the unincorporated areas that additional bookmobile units be acquired," writes the committee.

In other recommendations the committee states:

"1. We recommend that the Board of Supervisors approve, as an economy measure, in the long run, the request of the County Board of Education for an appropriation of funds for a comprehensive survey of the need for school sites throughout the several school districts of Contra Costa County with precise recommendations of the areas needed for school sites which sites could be incorporated into the General Master Plan."

"We recommend that consideration be given to establishing in the County School Superintendent's Office, a section devoted to coordinating and assisting the several school districts of the county in their construction plans with the added possibility of the county's hiring an architect to supervise and compare all building costs."

"3. We recommend that the County Clerk and the County School Superintendent cooperate to work out a sensible, county-wide procedure to cover the sending out of sample ballots and notifications of polling places in school elections."

"PIN BALL MACHINES: It is recommended that pin ball machines be banned from the unincorporated areas of the county. They have already been banned in most of the incorporated areas and this should be extended to the unincorporated areas. Ade-

quate enforcement of present laws prohibiting their use as gambling devices does not appear to be feasible with the present staff of the Sheriff's office. The only practical way of preventing illegal play and pay-offs is to ban them completely."

"CARD ROOMS: It is recommended that an ordinance be passed licensing and regulating the operation of public card rooms or poker parlors. Of particular importance would be the regulation of hours and provision for easy inspection by the Sheriff's department to prevent their use of illegal gambling."

The above recommendations with respect to pin ball machines and card rooms were presented to the Board of Supervisors in February. So far no action on these matters has been taken.

"DISTRICT ATTORNEY'S OFFICE: In connection with its study of the District Attorney's office, the committee heard expressions of concern from a great many quarters with respect to the policy of the District Attorney of maintaining a private law practice and permitting his deputies to have private law practices. A variety of criticisms of this practice were voiced, including the following:

"1. Possibility of questionable legal solicitation: Citizens who seek the District Attorney's assistance may wind up as clients of a deputy. When a case does not come within the county's jurisdiction, it is possible for the deputy to solicit the case for his private practice."

"2. Possible conflicts of interest: In their private practices, the District Attorney and his deputies become associated with many people. Some of these may violate the law. When this occurs there may be a tendency to minimize the charges, perhaps accepting a plea to a lesser offense. In civil cases involving the county and a former client, there may be some tendency to be sympathetic."

"Even the most scrupulously honest individual finds it difficult to be completely objective in such situations. Assignment of a different deputy to handle such cases is not a satisfactory solution to the problem, because frequently the county would lose the services of the man best qualified by training and experience to handle the case. The solution of our Federal Government to this problem has been to prohibit the employee associations which might lead to conflict of interest."

"These recommendations regarding the District Attorney's office are not intended as a criticism of District Attorney Francis Collins and his staff, who, we feel, are doing as sincere, conscientious and effective a job as is possible under existing conditions," G. E. Langlois, chairman of the law enforcement committee states.

"Our contacts gave us the impression that the Juvenile and Probation Department, under the guidance of John Davis, probation officer, was operating satisfactorily and efficiently, with a constant need for additional personnel and facilities to carry the increasing demand for this service."

"The work unit system, installed by Davis in 1954, gives promise of being an excellent gauge to determine the personnel required to keep up with the expanding workload."

"While we are making progress, much more needs to be done, and added facilities are needed."

"Your committee is convinced that the greatest need is a Rehabilitation Camp for Boys, AS SUGGESTED BY PREVIOUS GRAND JURIES."

The report of the Juvenile and Probation Committee strongly recommends:

1. THE IMMEDIATE PURCHASE of land for the building of a Boys Camp. Money has been earmarked for the purpose and two sites are being considered at this time. We ask that this purchase be immediate due to increasing real estate values and the fact that Juvenile Hall is filled to capacity and more. This is not entirely due to increasing admittance but more so to weeks of delay in having them accepted by sponsored homes and institutions.

2. Additional Probation Officers: To expedite placement of younger boys and girls into foster homes or private institutions. This will immediately relieve Juvenile Hall of its overcrowded condition.

b. To develop temporary foster homes for "Cottage Children," the group rated as neglected rather than delinquent. The space in the Hall that would be vacated would provide housing for a second Girls' Division (delinquent) thus separating the younger and older girls.

The Airport and Agriculture Committee recommends:

"1) That Flood Control District planning be adjusted in order that natural waterways are cleaned out first."

"2) That steps be taken to assure maintenance of drainage facilities in new subdivisions at the time of acceptance of the final map."

"Since the drainage facilities installed in subdivisions are the only facilities or utilities not accepted for maintenance by a public utility, district or agency, it appears logical that responsibility for maintenance should be recognized and accepted by some proper authority. Without proper maintenance, drainage systems which may be adequate at the time of acceptance of the subdivision (final map) may become inadequate due to lack of maintenance and cause damage in these developed areas."

"3) That steps be taken to eliminate small residential developments being built in such a manner that the requirements of the County Subdivision Ordinance are circumvented. While this practice may not be widespread, road and drainage deficiencies, as well as misunderstandings arising from them with the home purchasers, should be eliminated."

"4) That a comprehensive audit be made of flood control expenditures every year in order that the taxpayers can be shown where the money goes."

FOR LAND'S SAKE

By LLOYD K. KING

Columnist Is Human!

Has New Baby Girl

This week's column was delivered by a large stork, and came inscribed directly to Real Estate Columnist Lloyd K. King and his wife Betty.

Lloyd turned up for work Monday morning complete with a full in-basket and a new child.

The youngster, which has not yet been named, is a bright and shining little girl who made her debut at Kaiser Foundation Hospital.

She hasn't been named yet, but waiting at home at 2753 San Antonio Drive are her brothers and sisters, Christopher, Deborah, Douglas and James.

Lloyd will be back in this column space next week with cigars and a sore hand from shaking it at the Real Estate Mart breakfast.

- We Buy Old Gold, Clocks and Diamonds

OUR POLICY:

We take pride in the fact that we are the oldest established jewelry store in Walnut Creek and that we have never resorted to gimmicks or high pressure in order to sell diamonds.

We know the diamond business and can honestly state that our prices are the lowest in the Bay Area. We invite comparison and suggest you drop in when you are shopping for any diamond jewelry.

ANTS?

Shrubs Form Key Part Of Patio, Terrace Areas

BECAUSE they are permanent and attractive the year 'round, shrubs are a key part of planting arrangements in important garden areas such as patios, terraces and lanais.

Permanent color and plant interest can be provided by shrubs for these areas which are so often the gathering places of family and friends throughout the year.

The California Association of Nurserymen suggests for summer shrub interest the fuchsia, azalea, abelia, hydrangea, rose and lilac (Syria).

This group of shrubs is hardy in almost all areas of the state, with exception of the desert.

EACH SHRUB provides gloriously colored flowers; some are primarily for shade, while others thrive in direct sun.

The fuchsia, azalea and hydrangea prefer mostly shady areas with a little early morning sun; the lilac should have direct sun in the cool, coastal areas. Roses, of course, thrive in full sun.

For winter color interest in your patio, lanai or terrace, consider the lovely and highly ornamental camellia, in both the Japonica and Sasanqua.

The sasanqua, which can be trained as an espalier, shrub or ground cover, is usually fall-flowering in normal seasons.

The Japonica, growing as small to medium-tall shrubs, blooms in many varieties and gorgeous colors from early winter through to late spring.

WINTER DAPHNE or daphne ordora is a handsome and very fragrant evergreen shrub that is hardy in most areas of the state.

It has several varieties which bloom in pink and in white flowers. Foliage is either all green or edged in yellow.

Heather (Erica) makes a very handsome winter and early spring-blooming shrub, with flow-

ers in shades of pink and red.

AS LUSH and bold as a true subtropical, the Aralia sieboldii or Fatsia Japonica provides a tropical atmosphere throughout the year.

This evergreen grows with glossy dark green leaves and in December bears small white flowers followed by shiny black fruits.

The Fatsia grows well in sun or shade but the leaves lack luster in the sun and turn yellow. This shrub can be thinned to create an interesting structural pattern.

IN CARING for flowering shrubs it is important to keep in mind their need for light and air.

Even those shrubs which are considered to need shade do not need to be smothered with it. By planting them near a fence or to the north of a shrub, tree or the house you can make sure shade-loving plants will get shade, sufficient sun and protection from the hot mid-day sun.

Make sure the plants have plenty of "breathing" room; don't crowd them. Keep shallow-rooted shrubs mulched and the mulch moist at all times.
